FAQ's

1. Can we add extra hours to our package?

- Yes, of course! Simply let us know which package you'd like to proceed with, and we will quote you for the additional hours.

2. What's the difference between Basic MC and Full MC?

- **Basic MC** – Covers a simple rundown of formalities. We typically work alongside an MC of your choosing and help them navigate the schedule and formalities throughout the night.
- **Full MC** – Involves much more preparation and work from us. We will facilitate and host the entire night for you. More details can be found in our *Optional Extras* PDF.

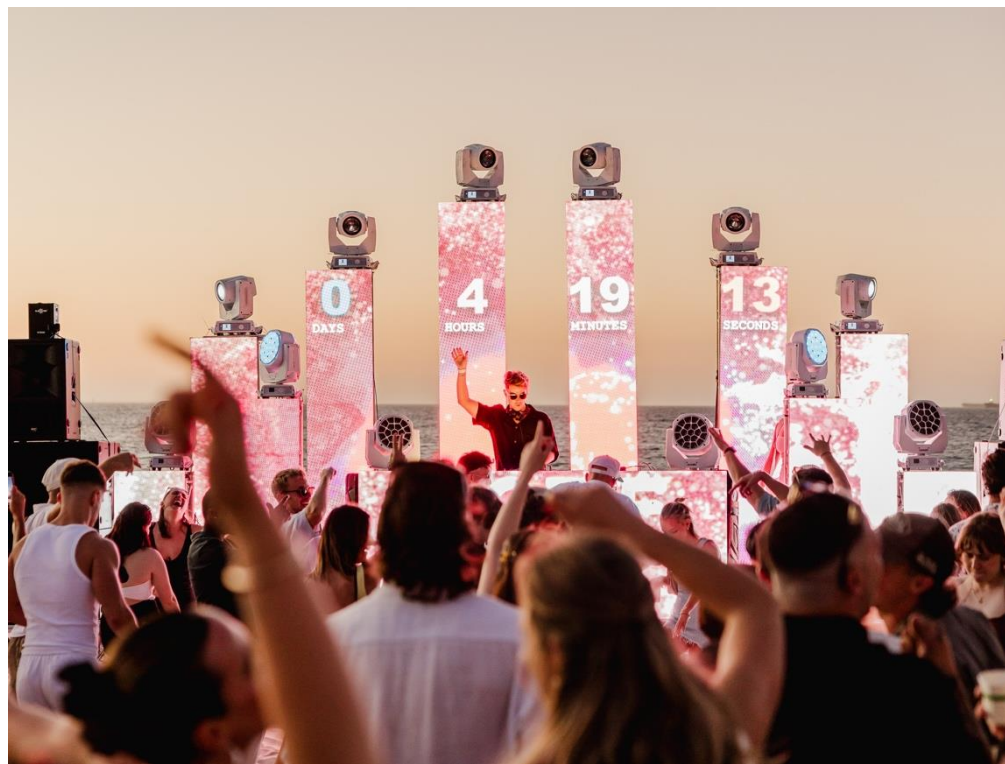

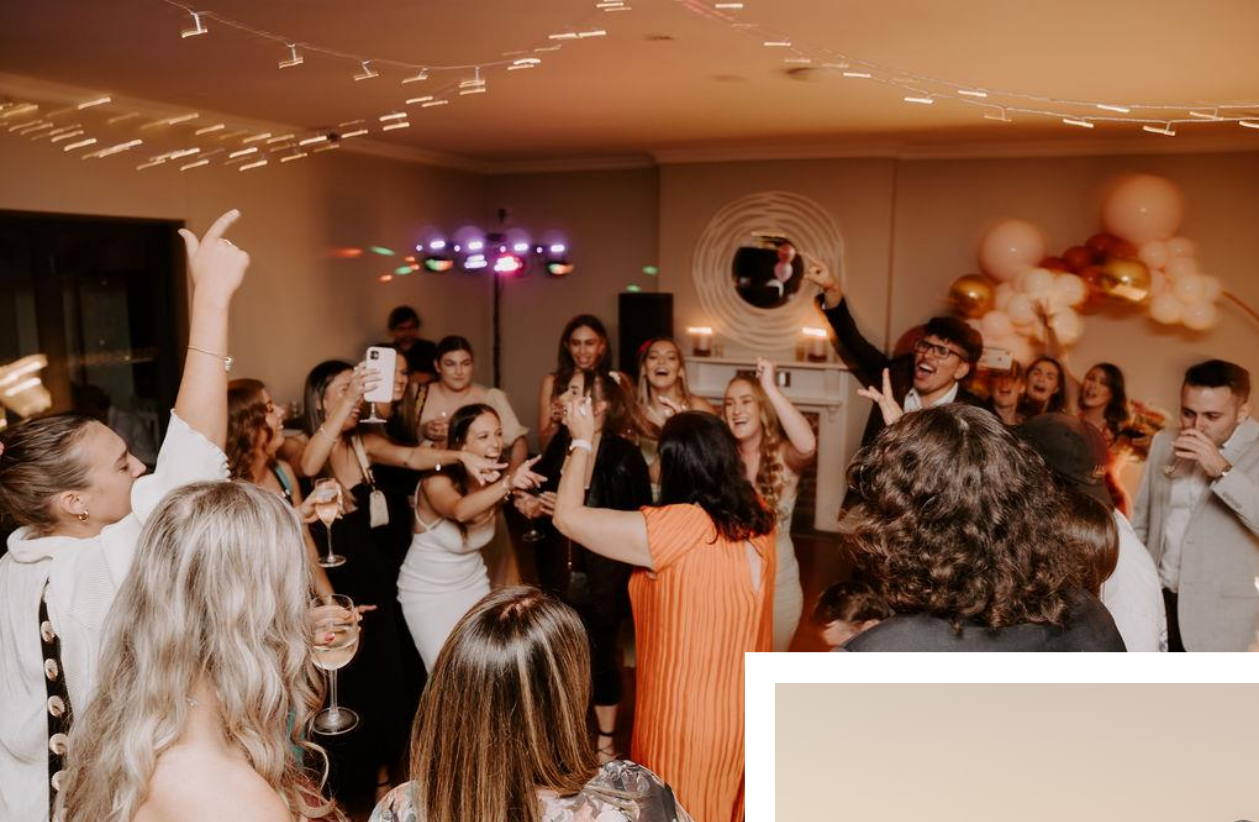

3. Can we customise our music playlist?

- **Yes, of course!**
We ask that you provide us with a **Spotify link** to your favourite music. Our DJs use this as a guide throughout the night to get your guests dancing.
- We also recommend sending us a **list or link of your must-play songs**, especially if there are tracks you want played during your event.

4. Is there a charge for travel?

- Yes, we do have additional charges for events that require long-distance travel.
